Fourth Program Year Action Plan

The CPMP Fourth Annual Action Plan includes the <u>SF 424</u> and Narrative Responses to Action Plan questions that CDBG, HOME, HOPWA, and ESG grantees must respond to each year in order to be compliant with the Consolidated Planning Regulations. The Executive Summary narratives are optional.

Narrative Responses

GENERAL

Executive Summary

The Executive Summary is required. Include the objectives and outcomes identified in the plan and an evaluation of past performance.

Program Year 4 Action Plan Executive Summary:

The U.S. Department of Housing and Urban Development (HUD) requires localities receiving Community Development Block Grant (CDBG), HOME Investment Partnership Program (HOME), including the American Dream Downpayment Initiative (ADDI), and Emergency Shelter Grant (ESG) funds to complete an Annual Action Plan.

The 2008-09 Action Plan details allocations, objectives, and activities that will be undertaken during the program year by Fresno County and its eight partner cities, in an effort to accomplish the goals identified in the five-year Consolidated Plan which was previously submitted to HUD for program years 2005-2009 relating to Housing, Homeless, Community Development, Citizen Participation and Institutional Structure.

This Annual Action Plan also serves as an application to the U.S. Department of Housing and Urban Development for the following grant entitlements:

CDBG:

\$3,935,876

HOME:

\$1,529,796

ADDI:

8,136

ESG:

\$ 175,609

In addition, the County expects to receive program income, which is allocated to activities outlined in this Action Plan. The program income will result primarily from housing loan repayments, and is estimated at the following levels:

CDBG

\$ 764,775

HOME

\$ 900,000

The table below shows the distribution of estimated Entitlement Grant and Program Income spending for the Community Development Block Grant (CDBG), the HOME Investment Partnership Program (HOME) including the American Dream Downpayment Initiative (ADDI), and the Emergency Shelter Grant for the 2008-2009 program year:

Entitlement Grant and Program Income Estimated Spending Program Year 2008-09	
Community Development Block Grant	\$4,700,651
Public Facility and Infrastructure Improvement Projects (Cities) Public Facility and Infrastructure Improvement Projects (Unincorporated) Housing Rehabilitation Program Administration Housing Rehabilitation (Unincorporated) Public Service Activities Sheriff's Area Based Policing Social Service Programs Administration General Program Management and Oversight Public Information	\$1,368,555 \$606,848 \$742,309 \$442,428 \$415,612 \$174,769 \$945,130 \$5,000
HOME Investment Partnerships and American Dream Downpayment Initiative (ADDI)	\$2,437,932
Owner-Occupied Housing Rehabilitation (Cities and Unincorporated) Homebuyer Assistance for First-Time Homebuyers Affordable Housing Development (CHDO) Lead Based Paint Testing and Abatement Temporary Relocation Assistance HOME Administration	\$1,000,000 \$920,483 \$229,470 \$25,000 \$20,000 \$242,979

Priority Needs, Goals, Objectives

Emergency Shelter Grant Programs

Emergency Shelter Grant Administration

Emergency Shelter Grant

The overall goal of the CDBG, HOME and ESG programs is to develop viable urban communities principally for low- and moderate-income persons by providing decent housing, a suitable living environment, and by expanding economic opportunities.

The County's 2005 Consolidated Plan establishes the priority needs for Fresno County in the areas of housing, community development, homelessness, and non-homeless special needs populations. The five-year plan serves as a guide to assist the County and its partner cities in developing activities using HUD funding to address the goals and the priority needs for each of the five program years.

\$175,609

\$167,366

\$8.243

During FY 2008-09, the County's Community Development Division of the Department of Public Works and Planning, along with the Department of Children and Family Services, will administer the grants under the County's Urban County Entitlement Program to fund activities that will directly benefit low- and moderate-income households and/or improve low- to moderate-income neighborhoods and communities. Whenever possible, and depending upon availability of other grants secured by the County, the County will use other grant funds in conjunction with HUD entitlement funds to develop additional projects.

The following is a summary of the County's goals and objectives for the 2008-09 program year:

Housing Goals:

Elderly households and large related households were identified in all income categories and housing tenure (owner/renter) sub-categories as having priority housing needs. These households experience some type of housing problem or "cost burden" (mortgage or rental cost) that is 30% to 50% of their household income. Housing goals and objectives for this next program year will strive to address the needs of these populations as a priority. Goals include:

- To increase the supply of affordable housing for extremely-low, low, and moderate income residents of Fresno County, including special-needs populations, in order to meet their unmet needs as identified in the Consolidated Plan
- To promote the safety, stability, character, and integrity of existing neighborhoods by improving the condition of the existing housing stock and surrounding neighborhoods

Specific Housing Objectives:

For each of the housing objectives listed below, funding assistance may be provided to acquire, construct, rehabilitate, or reconstruct affordable housing including the costs to provide for the delivery of eligible project costs associated with a specific project. HOME-funded housing programs are available first-come, first-served based on need, and while we have earmarked these amounts, we may shift funds between programs based on need and to meet expenditure timeliness requirements. The specific housing objectives are:

- The County has committed \$3 million in HOME funds for CHDOs with eligible development projects. The County is particularly interested in proposals for the development of new rental construction for affordable senior housing and multifamily rental housing for households with incomes at 30% to 50% of area median income (AMI).
- 2. Commit \$920,483 in HOME funds to provide assistance to eligible first time homebuyers for the purchase of their first home. The previous County downpayment assistance program has been revised to increase the amount of assistance to up to 20% of the sales price of an eligible property, plus eligible closing costs.
- 3. Continue to fund the County Housing Assistance Rehabilitation Program (HARP) through CDBG and HOME funds to provide assistance to owner occupant households with incomes at or below 80% of the AMI for major to

substantial housing rehabilitation/reconstruction. The program is also available to qualified rental housing that is occupied by low to moderate income persons.

4. The County will contract with qualified certified agencies to conduct testing and abatement of lead-based paint and asbestos in housing rehabilitated with CDBG, HOME, or other financing provided by the County.

<u>Community Development (non-housing) Goals:</u>

The non-housing community development goals for 2008-09 will principally benefit extremely low-, low- and moderate-income residents, living in low- to moderate-income neighborhoods and communities. These goals are:

- Preserve low and moderate income neighborhoods and improve the quality of the neighborhood living environment, including construction or reconstruction of storm/flood drain improvements, water and sewer improvements, streets, streetlights, sidewalks, and curbs and gutters (either non-existent or in need of repair or upgrade).
- Assist in the efforts of historical preservation for significant structures that contribute to the history of the neighborhood, community, or jurisdiction.
- Construct, renovate, or install access modifications to meet the special needs
 of persons with disabilities and the elderly in accordance with the American
 with Disabilities Act (ADA) in public facilities, including but not limited to
 public parks, restrooms, youth centers, senior centers, fire stations, libraries,
 and community recreation facilities, and in the rehabilitation of housing for
 persons with special needs or disabilities.
- Investment of the maximum amount allowed of the CDBG grant allocation for Public Service activities (15% of CDBG grant) that focus on crime prevention, high-risk youth, the elderly, and special needs populations with disabilities.

Community Development Specific Objectives (non-housing):

For each of the objectives listed below, activity funding may include a portion to fund the activity delivery costs associated with a specific project, such as environmental review, design engineering, and staff and overhead costs directly related to carrying out a specific eligible activity.

The County's community development (non-housing) objective for program year 2008-09 is to fund activities that advance the community development goals and meet the priority needs identified in the Community Development Needs Table of the Consolidated Plan for Fresno County. The planned activities include the development and/or improvement of:

- Public facilities and infrastructure improvements (general category)
- Neighborhood parks and recreational facilities
- Flood drain improvements
- Water/sewer improvements
- Street and sidewalk improvements

Planned activities also include the following Public Service activities:

- Area Based Policing crime prevention activities
- Social service activities

Homeless/Homelessness Prevention Goals:

The County's goal is to provide financial assistance and support to improve the quality of existing emergency shelters for the homeless, support the development of additional shelters, and provide essential social services, including costs of operating shelters. The majority of homeless/homelessness prevention activities funded under Fresno County's Urban County Entitlement Program include CDBG-funded public service activities, and activities funded with the Emergency Shelter Grant (ESG), which is administered by the County's Department of Children and Family Services (DCFS).

<u>Homeless/Homelessness Prevention Specific Objectives:</u>

For each of the objectives listed below, financial assistance is provided to social service providers recommended by the Human Resources Advisory Board (HRAB) of the DCFS and approved by the Board of Supervisors. The DCFS administers and monitors these contracts.

The specific objectives for this next program year are to invest Emergency Shelter Grant (ESG) funds into activities that will provide emergency shelter, and to invest CDBG Public Service dollars for social service activities. The specific objectives aim at preventing homelessness, which is often the first step to ending chronic homelessness. The following objectives are identified:

- Invest Emergency Shelter Grant (ESG) funds in activities that will specifically provide emergency shelter for victims of domestic violence and for nondelinquent homeless youth
- Continue support and collaboration with member agencies of the Fresno Madera Continuum of Care (FMCoC)
- Whenever possible, rapidly re-house people when homelessness occurs in order to avoid long-term homelessness
- Provide wrap-around services that promote housing stability and selfsufficiency

Other Actions to be taken During Program Year 2008-09

As described in the 2005 Consolidated Plan's Five-Year Strategic Plan, during 2008-09, the Community Development Division will continue working to:

- Leverage County resources with private funding to address housing and nonhousing community development needs
- Strengthen the institutional structure of the delivery system for activities to be carried out under the Consolidated Plan
- Enhance the coordination between assisted housing providers and health, mental, and social service agencies with the intention of fostering development of supportive housing options for special needs populations throughout the County
- Reduce the number of poverty-level families by using CDBG, HOME, ESG, and local public and private sector resources for projects that foster self-

sufficiency in conjunction with housing, emergency shelter, and other public facilities

2008-2009 Activities by Entitlement Grant Program:

<u>Community Development Block Grant Program (CDBG)</u>

In FY 2008-09, the County of Fresno will receive \$3,935,876 in CDBG funds and anticipates receiving \$764,775 in program income. Community Development Block Grant funds will be used for public facility and infrastructure improvements, housing rehabilitation and related housing services, and public services. Federal regulations impose a 15% maximum cap on funding for public services activities, and administrative costs are limited to 20% of total CDBG funding and program income received. The County intends to fund public services at the maximum 15% funding level, and will stay within the 20% cap for overall administration of the CDBG Program.

This program year's plan proposes that 100% of CDBG-funded activities will benefit low-and moderate-income persons. The projected uses for CDBG funds in 2008-09 are: Public facility and infrastructure improvement projects that include seven City projects totaling \$1,368,555; four Unincorporated Area projects funded at \$606,848; CDBG Housing Rehabilitation activities totaling \$442,428; and CDBG-funded Public Service programs totaling \$174,769. More detailed information on specific activities funded in each program area can be found in the Housing and Community Development sections of this Plan.

In addition to the above activities, the 2008-09 Unincorporated Area Projects table found in the Appendix includes a listing of back-up projects for the unincorporated area that will be funded if sufficient program income and/or reprogrammed CDBG funds become available during program year 2008-09.

<u>Home Investment Partnerships Program (HOME)</u>

The County anticipates receiving \$1,529,796 in HOME funds, \$900,000 in program income, and \$8,136 in American Dream Downpayment Initiative (ADDI) funds for 2008-09. Proposed HOME and/or ADDI funded programs are Homebuyer Assistance Program for first time homebuyers (\$920,483); HOME funded Housing Rehabilitation and related housing services (\$1,000,000); and HOME funded new construction with Community Housing Development Organization (CHDO) set aside funds (\$229,470). These funding amounts may be adjusted during the program year based on need. The County will also use \$242,979 (which is 10% of HOME grant plus 10% of program income) for overall HOME Program administration. Detailed information on the County's housing programs can be found in the Housing Section of this Action Plan.

Emergency Shelter Grants Program (ESG)

Fresno County will receive \$175,609 in ESG funds for 2008-09. These funds are administered by the Department of Children and Family Services. The Department will use ESG funds for continued funding of two service agencies approved for a three-year contract. Emergency Shelter Grant funds will go to the Marjaree Mason Center (\$78,662) to provide emergency shelter for victims of domestic violence and their children. Emergency Shelter Grant funds will also go to the Economic Opportunities Commission Youth Sanctuary. The Sanctuary will receive \$88,704 to provide short-term emergency shelter for non-delinquent homeless youth between

the ages of 11 to 17 years. Slightly less than five percent of the grant (\$8,243) will be used by the Department of Children and Family Services for administration of the grant.

Additional Information

All of the federal resources available to the County under its 2008-09 Urban County CDBG Entitlement Program will be used to principally benefit low- to moderate income persons and to advance the federal government's goals for the CDBG, HOME and ESG programs, which is to "develop viable urban communities principally for low- and moderate income persons by providing decent housing, a suitable living environment, and by expanding economic opportunities".

More information for each of the specific grant-funded programs can be found in the respective Narrative Sections of the Action Plan. Community Development Block Grant Program information for non-housing community development activities can be found in the Community Development Section; CDBG funding for Housing is included under the Housing Section; and CDBG funding for public services activities is under the Homeless Section. HOME Program information (including ADDI) and the proposed activities are listed under the Housing Section. The Emergency Shelter Grant Programs and activities are included under the Homeless Section of the Action Plan.

All required certifications, required tables, project data sheets, and publication notices are included in the Appendix of the Plan. The County's application (HUD form SF 424) for CDBG, HOME/ADDI, and ESG funds, precedes the Executive Summary.

Questions and/or comments with respect to the 2008-09 Action Plan may be submitted in writing to:

County of Fresno Department of Public Works and Planning Community Development Division 2220 Tulare Street, 6th Floor Fresno, California 93721

General Questions

Describe the geographic areas of the jurisdiction (including areas of low-income families and/or racial/minority concentration) in which assistance will be directed during the next year. Where appropriate, the jurisdiction should estimate the percentage of funds the jurisdiction plans to dedicate to target areas.

Located in the center of California, Fresno County is the nation's #1 agricultural county. The County as whole has a population of 799,407 persons, and is a diverse mixture of people of varied races and ethnicities. Forty-six percent of the population in Fresno County is of a minority race, which is comparable to the statewide average. According to the 2000 United States census, the predominant minority race within the County's urban county jurisdiction is Hispanic (67%).

A strong agricultural economy and central location within the State contribute to Fresno County being a destination for many people who work in agricultural jobs. Many people come to work during a harvest, and then often stay because the County's mild climate presents opportunities for year-round work. For those with few technical skills, such as in the farm labor or service industries, wages are low. According to the US Census Bureau 2006 American Community Survey, the median household income for Fresno County is \$42,732 per year. However, the median earning dollars for persons employed in farm labor are \$11,812, and \$15,647 for those employed in the service industry.

There are 15 cities in Fresno County; however, not all the cities are part of the County's jurisdiction for its urban county program. The geographic jurisdiction for Fresno County's Urban County Entitlement Program includes eight partner cities (Coalinga, Fowler, Kerman, Kingsburg, Mendota, Reedley, Sanger, and Selma) and all of the County's unincorporated area (neighborhoods & rural communities). These areas contain some of the highest poverty levels in the state and the nation. On average, 28% of the County's unincorporated population lives below the federal poverty level, compared to the national average of 12% and the statewide average of 14%. Within the eight partner cities, the average percentage of persons living below the poverty level is 23%. However, the City of Mendota, which is located on the west side of the County, has a notably deep concentration of persons below the poverty level. The percentage of persons living below the poverty level in Mendota is 42%, which is nearly twice the average of other partner cities.

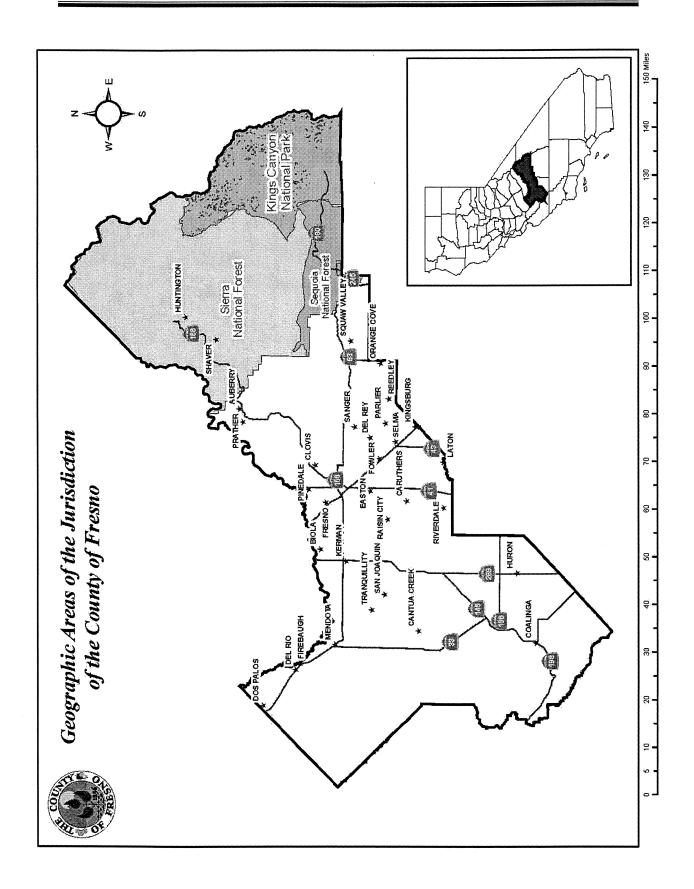

The minority demographics for Fresno County are also greater than the national average. The US Census Bureau reports that 25% of Americans nationwide are considered a racial minority. In Fresno County, the average number of persons of a racial minority is 51% in the eight partner cities, and 54% in the unincorporated areas. Both are more than double the national average.

The County does not target specific areas for distribution of funds. However, nearly all activities will specifically benefit low and moderate income persons, or a presumed beneficiary group. A map of Fresno County, which shows the location of the cities and unincorporated communities, is included on the following page. Also included is a table which shows race and poverty data by city and community according to the 2000 U.S. Census.

2. Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA) (91.215(a)(1)) during the next year and the rationale for assigning the priorities.

Through the executed Joint Powers Agreement for program years 2006-2008, the cities of Coalinga, Fowler, Kerman, Kingsburg, Mendota, Reedley, Sanger, and Selma have agreed to participate with the County under its Urban County CDBG Program. The County utilizes the same formula HUD uses to allocate CDBG funds to entitlement jurisdictions to redistribute its annual CDBG entitlement allocation to the eight cities and the unincorporated area. The cities prioritize, select, and implement housing and community development activities within their respective jurisdictions in compliance with HUD program guidelines and regulations for the Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) programs.

During the 2008-2009 program year, the County will fund eligible activities in unincorporated areas of the county in four major program areas established by the Fresno County Board of Supervisors. These program areas include: Public Facility and Infrastructure Improvement projects; Housing Rehabilitation; Social Service Programs; and Area Based Policing crime prevention activities. The CDBG funding levels for these major programs were set by the County Board of Supervisors during a public hearing held on March 4, 2008. The public hearing was published in the local Fresno Bee on February 22, 2008 and encouraged the public to attend and/or to submit written comments. As of the writing of this Action Plan, no comments had been received.

The County's HOME entitlement funds are available to fund eligible housing activities within the County's unincorporated area and within each of its eight participating cities' jurisdictions. Qualified applicants may submit proposals throughout the program year. Proposals are funded, depending on availability of funds, on a first-come, first-served basis. HOME funded activities include: homebuyer assistance for first time homebuyers, housing rehabilitation, and new housing development through Community Housing Development Organizations (CHDOs) and other eligible applicants. In accordance with HUD program administration regulations, 10% of the grant is used for overall program administration costs; and a minimum of 15% is set aside for Community Housing Development Organizations (CHDOs) for housing development. The balance of HOME funds is used to fund eligible HOME housing activities under the County's Affordable Housing Program.

American Dream Downpayment Initiative (ADDI) funds are also available during this next program year and are specifically for downpayment and/or mortgage assistance to qualified housing applicants. These funds will be layered with HOME funds and/or other compatible housing grant funds to complete a financing package that results in an affordable housing mortgage payment for the low- to moderate-income first time homebuyers in the unincorporated areas and participating cities in the County.

Emergency Shelter Grant (ESG) funds are administered by the County's Department of Children and Family Services. Projects are selected through a competitive process established by the Board of Supervisors. The selection process for the CDBG-funded unincorporated area public facility and infrastructure projects, CDBG-funded social service programs, and ESG activities are driven by citizen participation. The application and selection process for these Programs are outlined in the County's Citizen Participation Plan.

3. Describe actions that will take place during the next year to address obstacles to meeting underserved needs.

In an effort to provide housing opportunities to as many eligible residents as possible, the County has revised its homebuyer assistance program. The County Board of Supervisors took action to amend its existing Downpayment Assistance Program. The HOME-funded Downpayment Assistance Program is now called the Homebuyer Assistance Program (HAP) and is expanded to include not only downpayment assistance to eligible applicants but will also provide mortgage assistance to help reduce the first mortgage loan amount so that the borrower has a fixed rate loan that is affordable.

The County's amended Homebuyer Assistance Program (HAP) will now enable applicants to qualify for HOME assistance of up to 20% of the sales price of a house, plus closing costs. Additional modifications to the Program include reduced buyer cash contribution and "sweat equity". HAP applicants will be required to contribute 1.5% of the sales price toward the purchase. Previously, the required contribution was 3%. When applicable, buyers may substitute "sweat equity" towards meeting the 1.5% contribution. It is anticipated these changes will help address the needs of populations currently not being served by existing housing programs.

Another action that will be implemented during this next program year is fee deferrals for new low-income housing development. The County's new Facility Impact Fee ordinance is scheduled to be adopted by the County Board of Supervisors by October 2008. This new ordinance includes a clause that will defer these new fees for housing development (single-family residential and multifamily rental) that is targeted for the low to moderate income population.

The County will also continue to pursue federal, state, and private funding, when available, to assist in meeting the underserved needs of County residents.

4. Identify the federal, state, and local resources expected to be made available to address the needs identified in the plan. Federal resources should include Section 8 funds made available to the jurisdiction, Low-Income Housing Tax Credits, and competitive McKinney-Vento Homeless Assistance Act funds expected to be available to address priority needs and specific objectives identified in the strategic plan.

The County expects the following resources during this next Action Plan year to address the priority needs and specific objectives of its strategic plan:

Federal resources include County entitlement funds of CDBG (\$3,935,876), HOME (\$1,529,796), American Dream Down Payment Initiative (\$8,136) and Emergency Shelter Grant funds (\$175,609).

Also available within the County's jurisdiction are McKinney-Vento funds. The Fresno Madera Continuum of Care, of which the County of Fresno is a member, received an award of \$5,040,512 in McKinney-Vento funds on December 21, 2007, under HUD's 2007 Super NOFA. These funds are specifically to address homelessness. The Continuum member agencies and the respective awards are shown in more detail in the "Homeless" section of this Action Plan.

Managing the Process

1. Identify the lead agency, entity, and agencies responsible for administering programs covered by the consolidated plan.

The Community Development Division of Fresno County's Department of Public Works and Planning is the lead agency for the development of the Consolidated Plan, the Annual Action Plan, and the Consolidated Annual Performance and Evaluation Report (CAPER). Fresno County receives funds from three of HUD's formula grant programs covered by the Consolidated Plan: the Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), and the Emergency Shelter Grant (ESG). The County does not receive funds for HUD's fourth formula grant program, Housing Opportunities for Persons with AIDS (HOPWA).

The Community Development Division administers the Community Development Block Grant (CDBG) Program and the HOME Investment Partnerships Program (HOME), including funding for the American Dream Downpayment Initiative (ADDI), which is a sub-program of HOME. The Department of Children and Family Services administers the Emergency Shelter Grant (ESG). The Department of Children and Family Services, the Sheriff's Department, and the Community Development Division share responsibility for implementation and administration of Public Service activities funded by the Community Development Block Grant.

Included in this Annual Action Plan are also activities which will be undertaken by eight participating cities within Fresno's Urban County Program. These cities are: Coalinga, Fowler, Kerman, Kingsburg, Mendota, Reedley, Sanger, and Selma. Each City is responsible for identifying their own community needs, and establishing priorities for spending CDBG funds allocated to their city. The Fresno County Community Development Division reviews all City activities to confirm project eligibility and conformance with federal guidelines.

Projects developed for the unincorporated areas of Fresno County outside of the participating cities are selected by a citizen advisory committee of representatives of the unincorporated area. The committee's recommended projects are then referred to the Board of Supervisors for approval and then are administered by the Community Development Division.

2. Identify the significant aspects of the process by which the plan was developed, and the agencies, groups, organizations, and others who participated in the process.

While the Community Development Division serves as the lead agency for the development of the Consolidated Plan, Annual Action Plan and the Consolidated Annual Performance and Evaluation Report (CAPER), a number of agencies participate in their development. Information in the area of each agency's expertise and responsibility is incorporated into the final reports.

In preparation of the Consolidated Plan, the Community Development Division conducted thirty-nine community and neighborhood meetings in the later months of 2004. Information gathered from City and Community leaders and residents in attendance at the meetings was included in the Plan and contributed to the development of future activities planned throughout Fresno County.

Throughout the development of the 2008-2009 Annual Action Plan, the County consulted with citizen committees, communities, and cities' representatives. Each partner city held public meetings to receive community input into their project selection process. Recommended projects were then presented to respective city councils for approval and subsequently included in this Plan. The Housing and Community Development Citizens Advisory Committee (CAC) rated and ranked project applications for the unincorporated areas of the County over a seven month process, and recommended projects for funding to the County of Fresno Board of Supervisors. These projects are included in the Appendix. The Community Development Division also collaborated with the Department of Children and Family Services, the Housing Authorities of the City and County of Fresno and the Fresno Madera Continuum of Care, all of which contributed information included in this plan. The Community Development Division compiled the information and prepared the Action Plan.

3. Describe actions that will take place during the next year to enhance coordination between public and private housing, health, and social service agencies.

During the next year the County will work to coordinate efforts between public and private housing, health, and social service agencies to best serve the residents of Fresno County.

In preparation of proposals for this Action Plan, the County conducted a workshop for cities, communities, non-profit agencies, engineers, and any other party interested in receiving CDBG funds. The workshop consisted of an overview of the CDBG Program, and included instructions for completing the County's newly revised CDBG application. The workshop was well attended, and resulted in completed applications for proposals ready to begin once funding is available. The County will conduct a similar workshop this program year.

In order to involve community residents in the CDBG application review process, the County relies on the Housing and Community Development Citizens Advisory Committee (CAC). The CAC consists of 17 members representing unincorporated communities countywide and are appointed by the Board of Supervisors. The members relay Program information back to their respective communities.

The County also utilizes a finance committee, which is comprised of County employees from various Departments. The committee members are knowledgeable about the loan programs offered by the Community Development Division, and review all housing loan applications, and provide input into funding decisions made for each application.

For review of CDBG applications for Social Service program funds, the County utilizes the Human Resources Advisory Board (HRAB), which is comprised of 11 community members appointed by the Board of Suporvisors.

The County will seek additional opportunities to partner with Community Housing Development Organizations (CHDOs) for the development of affordable rental and homeownership housing in the 2008-2009 program year.

In addition, the County's new Facility Impact Fee ordinance will be considered by the Board of Supervisors in October 2008. If adopted, the new ordinance is expected to include a clause that will defer fees for housing development (single residential and multifamily rental) that is targeted for the low to moderate-income population.

The County is also an active participant in the Community Housing Council (CHC). The Community Housing Council is a non-profit organization which promotes fair housing opportunities, and provides education, counseling, and financial services to people seeking homeownership with a special emphasis towards those of low to moderate income levels. The CHC brings together information from agencies and lenders across the County in an effort to enhance resource coordination.

Finally, the Community Development Division participates in the Fresno Madera Continuum of Care collaborative, which works to coordinate effective delivery of services to Fresno County residents.

Citizen Participation

1. Provide a summary of the citizen participation process.

The County's citizen participation process is guided by its Housing and Community Development Citizen Participation Plan (CPP). The CPP describes the process by which citizens may become involved in the preparation of the Action Plan, as well as the selection of activities for funding under the County's Urban County Entitlement Program for the Community Development Block Grant (CDBG) Program, HOME Investment Partnerships (HOME) Program and Emergency Shelter Grant (ESG) Program. The CPP was amended on December 4, 2007 to include language which enables the Board of Supervisors to establish the number of projects that may be funded in any given program year. The number of projects set by the Board is based upon available funds and resources to administer the project grants in accordance with federal requirements.

The backbone of the County's citizen participation process is its three citizen committee groups who assist in the selection of eligible activities recommended for funding to the Board of Supervisors. The committees meet periodically through the year to review grant applications, and to provide input on the selection of eligible activities for funding. Activities selected by the citizen committees are scheduled for a public hearing, before the Board of Supervisors, for final funding approval. All Board-approved activities are then included in the County's Annual Action Plan.

The three Board-appointed citizen committees are as follows:

Housing and Community Development Citizens Advisory Committee (CAC)

The CAC is an advisory group that rates and ranks Community Development Block Grant applications for public facility and infrastructure improvement projects submitted to the Community Development Division by unincorporated area communities of Fresno County. The CAC members are appointed by the Board of Supervisors, and are selected from 17 unincorporated areas. In preparation for the 2008-09 Action Plan, the CAC held six public meetings to review and discuss CDBG proposals for public facilities and infrastructure improvement activities for the unincorporated areas. The CAC recommendations for funding were presented in rank order to the Board of Supervisors for approval on April 22, 2008. The list of

Board-approved projects selected for 2008-2009 funding and their respective funding amounts are included in the Appendix.

Consolidated Plan Committee (CPC)

The CPC serves as the advisory group for the County's Consolidated Plan process. The CPC includes members of the CAC and representatives from the eight cities participating in the County's Urban County CDBG Program. At the March 19, 2008 CPC meeting, the CPC voted to forward the draft Action Plan to the Board of Supervisors with a recommendation for approval.

Human Resources Advisory Board (HRAB)

The HRAB provides funding recommendations for the use of ESG Program funds and for CDBG Program funding for social service programs. The Board of Supervisors selects appointees from the public to serve on the 11-member committee.

More detailed information on each of these Committees is included in the County's Citizen Participation Plan. The Citizen Participation Plan can be accessed through the County's website at:

www.co.fresno.ca.us/4510/4360/forms/com_dev/Grants/grantsmanagement.htm

2. Provide a summary of citizen comments or views on the plan.

Citizen comments are included in the Appendix of this Action Plan.

3. Provide a summary of efforts made to broaden public participation in the development of the consolidated plan, including outreach to minorities and non-English speaking persons, as well as persons with disabilities.

In the last program year, the County conducted a public workshop for cities, communities, non-profit agencies, engineers, and any other party interested in receiving CDBG funds for eligible activities. The workshop consisted of CDBG Program guidance for eligible types of activities, and included instructions for completing the County's newly-revised CDBG application. The workshop was also used as a forum to solicit ideas and encourage participation from the public in the development of CDBG activities. The County will conduct a similar workshop this program year.

Citizen Advisory Committee (CAC) meetings, also open to the public, were held by the County on a monthly basis from September 2007 to March 2008 in preparation of the Annual Action Plan. Interested and affected persons and groups were notified of the time, place, and purpose of the public meetings at least one week prior to their occurrences.

Efforts were made to broaden public participation by providing outreach to minorities, non-English speaking persons, and persons with disabilities. Public meeting notices were provided in both English and Spanish. Other outreach included announcement postings at public locations within communities and communication with existing neighborhood organizations. All public meetings were held in Americans with Disability Act compliant facilities and translators were available.

4. Provide a written explanation of comments not accepted and the reasons why these comments were not accepted.

Citizen comments are included in the Appendix of this Action Plan.

Institutional Structure

1. Describe actions that will take place during the next year to develop institutional structure.

Fresno County Community Development has existed since 1975, and has a very efficient institutional structure that continues to evolve. During the last program year, the Community Development Division implemented several goals to continue staff development. Of primary importance was training for all new staff involved with administering the HOME and CDBG Programs. Staff received official HUD training on each of these programs and are continuing to develop expertise in the program areas for which they are responsible. With an up-to-date workforce, the goal for next year is to continue to use staff expertise in the most cost-effective and efficient manner.

The Division's structural organization continues to evolve as it wrestles to balance dwindling grant funds with staff resources needed to adequately administer the Programs. During the next program year, a number of staff will be cross-trained in both HOME and CDBG Program rules and regulations in order to administer the activities in the most cost-efficient manner to meet productivity goals within HUD timelines for expenditure of funds. As always, the Division's primary objective is to distribute funds efficiently and expediently for activities that will positively impact low- to moderate-income neighborhoods and communities.

Monitoring

 Describe actions that will take place during the next year to monitor its housing and community development projects and ensure long-term compliance with program requirements and comprehensive planning requirements.

Activities, projects, and programs are monitored on an ongoing basis by staff assigned to specific projects under the CDBG and HOME Programs, for compliance with Program regulations and standards established by HUD and the County. All activities are monitored through project documentation (checklists, status reports, project reviews and evaluations), financial reporting and documentation, site visits, meetings, and consistent communication with project managers as well as city and community representatives. Such actions are established and proven methods in monitoring and are in place for all activities involving the use of public funds.

Site visits are conducted at the start of every housing and community development activity to prepare for the environmental analysis, and are performed throughout the duration of the activity for compliance with labor wage rates and other program requirements. Site visits are also conducted at the end of the project in order to photograph and document the project's completion.

Monitoring of HOME-funded multifamily rental complexes takes place during the program year to ensure tenant occupancy and income requirements have been met. Income and rent levels are verified annually for all rental projects. Community Housing Development Organization activities are monitored throughout the construction phase and annually after completion. An affordable housing database, previously developed to track applicant information, monitor expenditures, and provide overall tracking of project and costs, will continue to be utilized this program year to help ensure long-term compliance with program requirements and to improve comprehensive planning efforts.

Additional measures for data collection to ensure compliance with HUD guidelines for Performance Outcome Measurements are incorporated into the County's agreement with each subrecipient. Each agreement for newly-funded projects includes language that requires subrecipients to provide information needed to evaluate performance and outcome measurements. These performance and outcome measurements are in turn reported to HUD.

Emergency Shelter Grant activities and CDBG-funded social service activities will continue to be monitored by the Department of Children and Family Services. Quarterly progress reports are provided to the Community Development Division detailing type of activity, clients served, and dollars expended.

Every CDBG and HOME-funded activity is reviewed by program staff, the Program Manager, and Division management personnel for compliance with HUD regulations. These actions will continue during this next program year.

Lead-based Paint

1. Describe the actions that will take place during the next year to evaluate and reduce the number of housing units containing lead-based paint hazards in order to increase the inventory of lead-safe housing available to extremely low-income, low-income, and moderate-income families, and how the plan for the reduction of lead-based hazards is related to the extent of lead poisoning and hazards.

During the next year, the County will continue to strictly enforce all requirements for the reduction of lead-based paint (LBP) hazards as mandated by the Department of Housing & Urban Development (HUD). In conjunction with the County's Affordable Housing Program, the County conducts lead-based paint testing for housing constructed in, or prior to, 1978 and that are subject to the Lead-Based Poisoning Prevention Act and Title 24, Part 35 of the Code of Federal Regulations. The County will allocate Program funds necessary to pay for the costs associated with the LBP activities as a separate project cost that is not a part of the client's housing rehabilitation loan.

The County engages certified LBP contractors to perform lead based paint testing, risk assessments, and clearance examinations. If testing indicates LBP is present, the contractor provides specifications that define how to address the hazards. The LBP specifications are included as a component of mandatory improvements given to the general contractor overseeing the rehabilitation work. At the completion of the project, County staff confirm the LBP hazards have been addressed in accordance with HUD Regulation 24 CFR, Part 35, and Subpart J. Supporting documentation is included in the project file.

Applicants who purchase an existing house constructed prior to 1978, with the help of the County's Affordable Housing Program are given a pamphlet detailing the hazards of LBP. The pamphlet, "Protect Your Family from Lead in Your Home" is sponsored by the U.S. Environmental Protection Agency, the U.S. Consumer Product Safety Commission and HUD. Additionally, County Housing staff conducts a visual inspection of the house for LBP hazards. If LBP hazards are found, the County requires that appropriate testing, risk assessment, and clearance examinations be performed by a certified LBP contractor prior to loan approval.

HOUSING

Specific Housing Objectives

*Please also refer to the Housing Needs Table in the Needs.xls workbook.

1. Describe the priorities and specific objectives the jurisdiction hopes to achieve during the next year.

During the next program year, the Community Development Division will continue efforts to reach the goals established in the County's Five-Year Consolidated Plan for housing priorities. Specific objectives include assistance to extremely low, low, and moderate income populations and to special needs populations. Income levels are established by HUD, based on family size, and are adjusted annually.

The populations identified as having priority housing needs and cost burdens include:

- Renters, owners, and the elderly who earn below 80% AMI
- Large related, and small related renter households who earn below 80% AMI
- Large related, and small related owner households who earn below 80% AMI
- Farmworker households who earn below 80% AMI

In this next program year, the County's Affordable Housing Program (AHP) anticipates meeting the needs of these populations through a number of housing assistance and education programs that will offer the following:

- CHDO set-aside funds for the development of new rental or ownership housing either through direct financial assistance and/or indirectly through collaborative support
- Provide affordable, no interest, deferred loans for housing rehabilitation or reconstruction of substandard housing
- Provide "silent second" mortgage loans of up to 20% of FHA mortgage limit plus eligible closing costs to eligible low- to moderate-income households to purchase their first home
- Provide fair housing education workshops to low- and moderate-income renter households, and to housing service providers
- Ensure Affirmative Marketing procedures for all HOME-assisted housing with five or more units

2. Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by this Action Plan.

The following additional resources will be available from the County's 2008-09 entitlement funds for housing during this next program year:

CDBG funds for housing

- Rehabilitation/reconstruction (\$442,428)
- Relocation assistance (15,000)

HOME funds for housing

- Homebuyer assistance for first-time homebuyers (\$920,483)
- Housing rehabilitation (\$1,000,000)
- Relocation assistance (\$20,000)
- Lead-based paint and asbestos testing abatement (\$25,000)

American Dream Downpayment Initiative (ADDI) funds

• Downpayment assistance (\$8,136)

Additionally, as Notices of Funds Availability (NOFA) are released from the State of California Housing and Community Development Department and/or other federal housing programs, these programs will be evaluated for compatibility with existing County housing programs and the County will apply as grant administrative resources will allow.

Needs of Public Housing

1. Describe the manner in which the plan of the jurisdiction will help address the needs of public housing and activities it will undertake during the next year to encourage public housing residents to become more involved in management and participate in homeownership.

The County will continue to work with the Housing Authorities of the City and County of Fresno during the next program year to address the needs of public housing within the County's jurisdiction. During the next program year the County and Housing Authority will commence discussions about the County's role in assisting with the Authority's plans for older public housing, and plans for future new construction of affordable housing in the County's unincorporated communities and in partner cities. The County will actively market their Homebuyer Assistance Program to public housing residents to encourage homeownership. The County fully supports the Housing Authority's efforts to ensure adequate affordable housing for all County residents.

2. If the public housing agency is designated as "troubled" by HUD or otherwise is performing poorly, the jurisdiction shall describe the manner in which it will provide financial or other assistance in improving its operations to remove such designation during the next year.

Not applicable—the Housing Authority of the City and County is not designated as a "troubled" agency.

Barriers to Affordable Housing

1. Describe the actions that will take place during the next year to remove barriers to affordable housing.

It has been well documented that the most common barriers to affordable housing are the ability of first-time home purchasers to accummulate sufficient cash for downpayment and personal credit issues. To assist eligible first time homebuyers, the County will provide up to 20% of a house sales price (based on FHA mortgage limits), and eligible closing costs from available HOME funds. The amount of HOME assistance is based on the amount of gap financing needed subject to the 20% cap. Additionally, the County requires all applicants for assistance to complete a sixteenhour education and counseling session that addresses credit, budgeting, affordability, and home maintenance. The County's Homebuyer Assistance Program requires a buyer's cash contribution of 1.5% of the sales price and allows "sweat equity" to contribute towards the required contribution for those homebuyers participating in a "self-help" method of construction program. It is the goal of the County to increase the availability of homeownership opportunities through this program.

HOME dollars will also be available to eligible Community Housing Development Organizations (CHDOs) with feasible proposals for the development of affordable housing.

In addition, the County's new Facility Impact Fee ordinance will be considered by the Board of Supervisors in October 2008. If adopted, the new ordinance is expected to include a clause that will defer fees for housing development (single residential and multifamily rental) that is targeted for the low to moderate-income population.

HOME/ American Dream Down Payment Initiative (ADDI)

1. Describe other forms of investment not described in § 92.205(b).

The County plans to use HOME funds only for eligible activities as described in the HOME regulations (24 CFR \S 92.205), shown below.

24 CFR 92.205 (b) Forms of assistance:

- (1) A participating jurisdiction may invest HOME funds as equity investments, interest-bearing loans or advances, non-interest-bearing loans or advances, interest subsidies consistent with the purposes of this part, deferred payment loans, grants, or other forms of assistance that HUD determines to be consistent with the purposes of this part. Each participating jurisdiction has the right to establish the terms of assistance, subject to the requirements of this part.
- (2) A participating jurisdiction may invest HOME funds to guarantee loans made by lenders and, if required, the participating jurisdiction may establish a loan guarantee account with HOME funds. The HOME funds may be used to guarantee the timely payment of principal and interest or payment of the outstanding principal and interest upon foreclosure of the loan. The amount of the loan guarantee account must be based on

a reasonable estimate of the default rate on the guaranteed loans, but under no circumstances may the amount on deposit exceed 20 percent of the total outstanding principal amount guaranteed; except that the account may include a reasonable minimum balance. While loan funds guaranteed with HOME funds are subject to all HOME requirements, funds which are used to repay the guaranteed loans are not.

Examples of the County's anticipated HOME investment activities for the 2008-09 program year include homebuyer mortgage and downpayment assistance, housing rehabilitation/reconstruction activities, lead-based paint and asbestos testing and abatement, and the development and support of new affordable housing, including real property acquisition for the development of affordable housing.

2. If the participating jurisdiction (PJ) will use HOME or ADDI funds for homebuyers, it must state the guidelines for resale or recapture, as required in § 92.254 of the HOME rule.

The County of Fresno will continue to loan HOME and ADDI funds to assist low- to moderate income homebuyer applicants under its Affordable Housing Program (AHP). HOME and ADDI loans are secured with a recorded trust deed and a promissory note. The County has elected to use the recapture option to comply with the "Period of Affordability" requirement under §92.254 of HOME rules, and the recapture clause can be found in the HOME loan promissory note. The recapture clause is included in the security documents and identifies the events that trigger recapture of County HOME funds.

The terms of recapture are tied to the HOME Program Period of Affordability requirement and are based on the amount of HOME subsidy provided to the borrower. Affordable Housing Program guidelines for HOME-assisted rental units state that recorded deed restrictions carry a covenant that attaches to the land, so that limitations apply even if ownership is changed. The restrictions are based on HOME Program regulations for the amount of subsidy provided, and for the required affordability period.

- 3. If the PJ will use HOME funds to refinance existing debt secured by multifamily housing that is that is being rehabilitated with HOME funds, it must state its refinancing guidelines required under § 92.206(b). The guidelines shall describe the conditions under which the PJ will refinance existing debt. At a minimum these guidelines must:
 - a. Demonstrate that rehabilitation is the primary eligible activity and ensure that this requirement is met by establishing a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing.
 - b. Require a review of management practices to demonstrate that disinvestments in the property has not occurred; that the long-term needs of the project can be met; and that the feasibility of serving the targeted population over an extended affordability period can be demonstrated.
 - c. State whether the new investment is being made to maintain current affordable units, create additional affordable units, or both.
 - d. Specify the required period of affordability, whether it is the minimum 15 years or longer.
 - e. Specify whether the investment of HOME funds may be jurisdiction-wide or limited to a specific geographic area, such as a neighborhood identified in a neighborhood revitalization strategy under 24 CFR 91.215(e)(2) or a Federally designated Empowerment Zone or Enterprise Community.
 - f. State that HOME funds cannot be used to refinance multifamily loans made or insured by any federal program, including CDBG.

Non-applicable. The County will not use HOME funds to refinance multifamily housing loans made or insured by any federal program, including CDBG.

- 4. If the PJ is going to receive American Dream Down payment Initiative (ADDI) funds, please complete the following narratives:
 - a. Describe the planned use of the ADDI funds.

The County will use ADDI funds to assist eligible low to moderate income (LMI) first-time homebuyers, in accordance with the ADDI Program guidelines established by HUD and Fresno County's Homebuyers Assistance Program (HAP) guidelines.

b. Describe the PJ's plan for conducting targeted outreach to residents and tenants of public housing and manufactured housing, and to other families assisted by public housing agencies, for the purposes of ensuring that the ADDI funds are used to provide down payment assistance for such residents, tenants, and families.

ADDI funds are available to assist eligible public housing residents and any other eligible family for the purchase of a home located in any of the cities participating in the County's Urban County Program or in the unincorporated areas of Fresno County.

The County plans targeted outreach to public housing residents through its collaboration with the local Housing Authority, which can provide the information to residents in its Family Self Sufficiency program and applicants of its Housing Choice Voucher program. The County will also provide outreach through its partnerships

with local non-profits such as the Community Housing Council (CHC) and the Housing Resource Center. Both of these agencies provide public service information and counseling to persons interested in homeownership opportunities.

The County's strategy is to continue its partnership with local agencies and contacts to enhance and improve distribution of marketing materials to public housing residents and other renter populations within Fresno County. Additionally, the County will continue its marketing efforts to local churches and schools through public meetings and announcements. Where available, the County will also provide housing pamphlets to cities and districts for insertion into monthly utility billings.

c. Describe the actions to be taken to ensure the suitability of families receiving ADDI funds to undertake and maintain homeownership, such as provision of housing counseling to homebuyers.

Homeownership education and counseling services are a requirement for applicants receiving homebuyer assistance, including ADDI funds, from the County of Fresno. An approved applicant of the County's Homebuyer Assistance Program (HAP) typically receives 16 hours of classroom instruction on topics that include loan application, real estate transaction and forms, escrow and title process, housing affordability, understanding credit (the plusses and negatives, and how to resolve credit issues), and budgeting and predatory lending. Additionally, County clients also learn how to develop a home maintenance plan and receive basic home maintenance instruction. Finally, families also receive information on safety and energy saving tips, and community involvement in their new neighborhood. Classes are offered in English, Spanish and Hmong, as needed. Families must present a certificate of completion prior to the close of escrow and funding of the HOME and/or ADDI assistance.

HOMELESS

Specific Homeless Prevention Elements

*Please also refer to the Homeless Needs Table in the Needs.xls workbook.

1. Sources of Funds—Identify the private and public resources that the jurisdiction expects to receive during the next year to address homeless needs and to prevent homelessness. These include the McKinney-Vento Homeless Assistance Act programs, other special federal, state and local and private funds targeted to homeless individuals and families with children, especially the chronically homeless, the HUD formula programs, and any publicly-owned land or property. Please describe, briefly, the jurisdiction's plan for the investment and use of funds directed toward homelessness.

During the next year, the County will use the Emergency Shelter Grant (ESG) and a portion of CDBG funds in an effort to address homeless needs and prevent homelessness. The County expects to receive an allocation of \$175,609 in ESG entitlement funds, which will be made available to eligible social service agencies to conduct activities that address the issue of homeless prevention. The County's Department of Children and Families Services (DCFS) administers the ESG funds, and in the 2008-2009 program year, will award funds to the two service providers currently under a three–year contract. The service providers are the Marjaree Mason Center, a provider of emergency shelter services to victims of domestic violence, and the Fresno County Economic Opportunity Commission's Sanctuary Youth Shelter. The Sanctuary provides short-term emergency shelter for homeless, non-delinquent youth between the ages of 11-17 years.

The County will also invest CDBG funds for additional public service activities, which address special populations, and issues related to the prevention of homelessness. Community Development Block Grant funds will be awarded to the Sheriff's Department and to the DCFS to conduct activities aimed at curbing behaviors such as poor school attendance, domestic violence, child abuse, and substance abuse, as well as other behaviors identified in the County Consolidated Plan as precursors to homelessness and crime. The Sheriff's Department will receive \$415,612 for Area Based Policing crime prevention activities; the DCFS will receive \$174,769 for public service activities that will be carried out by non-profit social service agencies selected by an advisory committee.

Additional public funds that will be available within Fresno and Madera Counties are \$5,040,512 in McKinney-Vento funds awarded to the Fresno Madera Continuum of Care (FMCoC) on December 21, 2007, under HUD's 2007 Super NOFA. These funds are designated specifically to address homelessness. The programs funded include Supportive Housing (SHP) and Shelter Plus Care (SPC). The FMCoC member agencies and the respective awards are shown on the following page, and will be used to address homeless issues on a regional basis in Fresno and Madera counties.

Fresno Madera Continuum of Care Awards Effective December 21, 2007

("R" indicates the program is receiving renewal funding)

FMCoC Member Agency	Activity	Award
Fresno County EOC	Supportive Housing, R	\$ 1,171,727
Turning Point of Central California, Inc.	Supportive Housing, R	1,049,170
Turning Point of Central California, Inc.	Supportive Housing, R	848.232
Housing Authority of City of Fresno	Shelter Plus Care, R	604,872
Marjaree Mason Center	Supportive Housing, R	575,680
Marjaree Mason Center	Supportive Housing, R	216,173
Angels of Grace	Supportive Housing	186,000
Housing Authority of City of Fresno	Shelter Plus Care, R	163,512
Housing Authority of City of Fresno	HMIS, R	135,000
Valley Teen Ranch	Supportive Housing, R	90,146
		\$ 5,040,512

The County does not plan to directly apply for any other funds to assist in the prevention and elimination of homelessness, but will offer its support to the FMCoC's SuperNofa application for McKinney-Vento Homeless Assistance funds during the 2008-09 application period.

Homelessness—In a narrative, describe how the action plan will address the specific objectives of the Strategic Plan and, ultimately, the priority needs identified. Please also identify potential obstacles to completing these action steps.

The specific objective and priority identified in the Consolidated Plan for program year four with respect to the homeless was to invest funds in activities that provided emergency shelter for homeless individuals and families. As stated previously, the activities that will be funded in this next program year will specifically assist with emergency shelter needs for two subpopulations of homeless individuals and families: the Marjaree Mason Center will provide emergency shelter for victims of domestic violence and their children, and the Sanctuary Youth Shelter will provide emergency shelter for homeless youth.

In its administration of Emergency Shelter Grant (ESG) funds, the County will continue its work with social service agencies awarded ESG funds, and ensure all applicable regulations are adhered to in the administration and distribution of ESG funds. The Department of Children and Family Services estimates ESG funds will provide approximately 40 beds in various emergency shelters for individuals and/or families.

The County does not anticipate any obstacles in meeting the steps identified above for the specific activities. However, it does acknowledge that these are very limited activities and the needs are far greater. The greatest obstacle in meeting the needs of a greater population is adequate funding.

The County will continue to meet monthly with the Fresno Madera Continuum of Care to develop strategies and enhance coordination between homeless care providers, as well as to enlist the cooperation of additional providers. The lack of funding, however, continues to be a barrier to achieving the ultimate goal of eliminating chronic homelessness.

3. Chronic homelessness—The jurisdiction must describe the specific planned action steps it will take over the next year aimed at eliminating chronic homelessness by 2012. Again, please identify barriers to achieving

Over the next year, the County plans to continue support of all activities aimed at eliminating chronic homelessness, through programs administered by the County's Department of Children and Family Services and through the County's continued support and involvement with the Fresno Madera Continuum of Care (FMCoC).

The County will also continue to support programs that promote the basic tenets of the FMCoC, identified by its Ten-Year Plan to end homelessness as:

- Prevent homelessness whenever possible
- Rapidly re-house people when homelessness cannot be prevented
- Provide wrap-around services that promote housing stability and selfsufficiency
- 4. Homelessness Prevention—The jurisdiction must describe its planned action steps over the next year to address the individuals and families with children at imminent risk of becoming homeless.

The County will invest CDBG funds for public service activities, which address special populations, and issues related to the prevention of homelessness. The public service activities will be available both to individuals and to families with children. CDBG funds will be awarded to the Sheriff's Department and to the Department of Children and Family Services to conduct activities aimed at curbing behaviors such as poor school attendance, domestic violence, child abuse, and substance abuse, as well as others - behaviors identified in the County Consolidated Plan as precursors to homelessness and crime. The Sheriff's Department will receive \$415,612 for Area Based Policing crime prevention activities; the DCFS will receive \$174,769 for public service activities that will be carried out by non-profit social service agencies selected by an advisory committee. Specific agencies will be determined at a later date and the Action Plan will be amended to reflect the agencies.

The public service activities selected will be eligible for funding based on the following categories: Public Services (05 General), Senior Services (05A), Handicapped Services (05B), Youth Services (05D), Crime Awareness (05I), and Battered and Abused Spouses (05G).

ESG funds will also be used to address the individuals and families with children who are at imminent risk of becoming homeless. The ESG is administered by the DCFS. The agencies and anticipated funding distribution of ESG funds are shown on the following page:

Emergency Shelter Grant Awar	ds
Program Year 2008-2009	

Agency	Activity	Award
Marjaree Mason Center	Emergency Shelter for Victims of Domestic Violence (individuals, or women with children)	\$ 78,662
EOC Sanctuary	Emergency Shelter for homeless youth	88,704
Department of Children & Family Services	Administration	8,243
	-	\$ 175,609

Additionally, the County plans to continue support and involvement with the FMCoC, whose mission is to end chronic homelessness. During the next program year, the County and all other agencies participating in the FMCoC, plan to integrate their primary strategies to address critical and basic needs of individuals and families with children before homelessness occurs. This will be an ongoing action step in the advancement and full implementation of strategies to prevent homelessness.

Again, the biggest barrier to achieving the goal of eliminating chronic homelessness by 2012 continues to be lack of adequate funding, lack of capacity, and lack of public support.

5. Discharge Coordination Policy—Explain planned activities to implement a cohesive, community-wide Discharge Coordination Policy, and how, in the coming year, the community will move toward such a policy.

The County requires all agencies who are selected to receive Emergency Shelter Grant funds to identify their specific discharge coordination policies as part of the selection process. The Marjaree Mason Center and EOC Youth Sanctuary both have discharge plans in place. The Fresno Madera Continuum of Care (FMCoC) continues to work on establishing a countywide Discharge Plan that would be adopted by all local agencies, including non-profit service providers and all local government jurisdictions. The ultimate goal is for all providers to follow one uniform established method to ensure that basic needs are met for persons released back into society after incarceration or illness, and that no person is released without a place to go.

The Discharge Plan is crucial to the FMCoC's Ten-Year Plan to end homelessness. The Plan's focus, which is re-housing individuals before they become homeless, is the only long-term solution. The County is supportive of efforts made by the FMCoC and will continue to participate in the development of a regional Discharge Plan for all homeless service providers.

Emergency Shelter Grants (ESG)

(States only) Describe the process for awarding grants to State recipients, and a description of how the allocation will be made available to units of local government.

Non-Applicable to the County of Fresno.

COMMUNITY DEVELOPMENT

Community Development

*Please also refer to the Community Development Table in the Needs.xls workbook.

1. Identify the jurisdiction's priority non-housing community development needs eligible for assistance by CDBG eligibility category specified in the Community Development Needs Table (formerly Table 2B), public facilities, public improvements, public services and economic development.

As identified in the Community Development Needs Table of the Consolidated Plan, the non-housing community development needs priorities for the Fresno County unincorporated area include:

- Public Facility and Infrastructure Improvements
- Social Service Activities
- Area Based Policing (crime prevention activities)

The communities identified, and the County Board of Supervisors approved, the non-housing community development priorities for its unincorporated area based upon the recommendation of its citizen advisory committee. These priorities served as a guide for communities in developing CDBG project proposals for funding during the 2008-09 program year.

Public Facility and Infrastructure Improvements

The unincorporated area project proposals are reviewed by the Board-appointed Housing and Community Development Citizens' Advisory Committee (CAC), and are rated and ranked in funding priority order by the CAC. The CAC's proposal for the funding of unincorporated area projects is recommended to the Board of Supervisors for approval at a public hearing. Additional detailed information on the County's CDBG application process for its unincorporated areas and/or the CAC is available on the County's website at:

www.co.fresno.ca.us/4510/4360/forms/com dev/Grants/CitizenParticipationPlan.pdf

Participating cities in the County's Urban County Community Development Block Grant Program establish their own priority needs for non-housing community development, and submit their proposals for funding directly to County staff for assessment and compliance with federal CDBG national objectives and HUD established eligibility criteria. During the program year 2008-09 as in the past, the cities' priorities have been primarily Public Facilities and Infrastructure Improvements projects.

Projects recommended and approved for funding during 2008-09 are listed in the Appendix for both the City projects and for the County unincorporated projects. With its portion of the CDBG grant for non-housing community development activities, the County will fund four unincorporated area projects totaling \$606,848. The participating cities will use \$1,368,555 in CDBG funds to construct projects in their respective cities.

Social Service Activities

During the program year, the County will again dedicate the maximum level of CDBG funding allowed by HUD (15%) to public service activities. A portion of the public service funds are allocated for CDBG-funded social service activities implemented by the Department of Children and Family Services (DCFS). The specific agencies that will carry out the funded social service activities in 2008-09 will be determined later by DCFS based upon the recommendation of its citizen advisory group, the Human Resources Advisory Board, and County Board approval. The Action Plan will be amended at that time to add the funded social service agencies. Additional information on CDBG funded public and social services can be found in the Homeless Section of the Action Plan.

Area Based Policing

The remaining portion of CDBG funds dedicated to public services is allocated for crime prevention activities. These activities are implemented by the County's Sheriff's Department. The Department will receive a total of \$415,612 in CDBG Public Service dollars to carry out the Area Based Policing activities.

Facade and Commercial Enhancement

In addition to the programs listed above, the County's Façade and Commercial Enhancement (FACE) Program, which was funded during the last program year, will continue with its implementation.

The Board approved a façade and commercial enhancement (FACE) program as a new CDBG-funded activity during the 2006-07 program year. Community Development Block Grant funds are already allocated to implement FACE and no additional CDBG funds will be added in program year 2008-09. The County anticipates expending all of its FACE funds in the 2008-09 program year. The funds will be provided as loans to small neighborhood businesses in low- and moderate-income communities. The funds will be used to improve neighborhood business facades to enhance the overall living environment for the community.

All preliminary work, program design, and legal documents for the implementation of this activity were completed during the 2007-08 program year, and the County began implementation of the FACE Program in February 2008. This year, specific FACE projects are expected to commence construction and be completed. The FACE Program is an eligible activity under the CDBG commercial rehabilitation category.

2. Identify specific long-term and short-term community development objectives (including economic development activities that create jobs), developed in accordance with the statutory goals described in section 24 CFR 91.1 and the primary objective of the CDBG program to provide decent housing and a suitable living environment and expand economic opportunities, principally for low- and moderate-income persons. *Note: Each specific objective developed to address a priority need, must be identified by number and contain proposed accomplishments, the time period (i.e., one, two, three, or more years), and annual program year numeric goals the jurisdiction hopes to achieve in quantitative terms, or in other measurable terms as identified and defined by the jurisdiction.

The County's long-term and short-term community development objective is to promote and fund, as funding is available, eligible activities that support the primary objective of the CDBG Program—"provide decent housing and a suitable living environment and expand economic opportunities, principally for low- and moderate-income persons".

Short-term objectives for program year 2008-2009 are identified in the table on the following page. The table shows the number of anticipated new activities by category for both the participating cities and the unincorporated area. Also listed for each category is the funding priority in terms of high, medium, or low as established by the County Board of Supervisors, and the projected accomplishment of the activity.

Another short-term objective is to leverage additional public and private monies with the investment of CDBG dollars into the County. During the past few years, the County has been able to gain grants which were made available to eligible cities and counties for capital improvement projects based on the number of permits issued for affordable housing development. CDBG funds are also used to leverage other investments by local government into their city projects.

Long-term objectives for meeting community development needs are to continue seeking funds from all available funding sources to augment the County's entitlement allocation from the U.S. Department of Housing and Urban Development.

The County will continue to provide a variety of services and activities to improve the quality of life and ensure a healthy economy for residents of unincorporated Fresno County and its partner cities. The Community Development Division administers the County's Urban County CDBG Program and the funded activities through its Affordable Housing Program (AHP), Community Development, and Economic Development Programs. Program activities include housing rehabilitation, homebuyer assistance, affordable housing development, public facility and infrastructure improvement projects, facade and commercial enhancement, public service activities, and economic and business development. All of these activities support the primary objective of the CDBG Program—"to provide decent housing and a suitable living environment and expand economic opportunities, principally for lowand moderate-income persons".

A back-up list of eligible unfunded projects for the County unincorporated areas is included in the Appendix of this Action Plan. These projects have been approved by the Board of Supervisors and will be undertaken in the 2008-2009 program year as funds become available.

Short-Term Community Development Objectives by Type, Priority, and Proposed Accomplishment Program Year 2008-09

Activity Type	# Projects	Priority	Time to Complete	Projected Accomplishment
Crime Awareness	1	High	1 year	Instruct residents in crime awareness and provide intervention with Community Service Officers, provide gang and drug education and prevention through school activites with youth
Public Service	3-4	High	1 year	Provide services to youth, senior, the disabled and victims of domestic violence
Water System Improvements	3	Medium	2 years	Provide safe, sanitary, and reliable water supply in the communities/neighborhoods
Street Improvements	5	Medium	2 years	Construct/reconstruct portions of streets, sidewalks and gutters, and/or add landscaping to improve safety and improve aesthetics in five cities
A.D.A. Improvements	1	Low	2 years	Construct curb improvements to improve safety for residents

Antipoverty Strategy

1. Describe the actions that will take place during the next year to reduce the number of poverty level families.

The County of Fresno's Antipoverty Strategy, described in the "Antipoverty Strategy" section of the County's 2005-09 Consolidated Plan, focuses on three goals: (1) Job Creation; (2) Diversify the Economic Base; and (3) Improve Labor Force Preparedness. During the 2008-09 program year, the County of Fresno will strive to reduce the number of families living in poverty by working toward and supporting these three goals in a number of ways, including the following:

The investment of Fresno County HOME and CDBG funds for housing and public facilities and infrastructure improvement activities into its neighborhoods and communities contributes to increased employment in the construction industry, and thus assists in the reduction of poverty. Job creation, diversifying the economy, and economic growth are all dependent on increasing the desirability of living and locating businesses in the region, which are fostered by improvements to the quality of life for all area residents, including improving the affordability of housing and increasing the rate of homeownership.

The County of Fresno will continue to actively partner and support countywide economic development efforts. Through partnerships, the County of Fresno seeks to increase employment, generate economic development opportunities, and retain and enhance current business and industry. Supporting public and private economic development efforts will strengthen all of Fresno County, and improve economic prosperity and quality of life. Current groups and agencies with which the County is involved include: the Economic Opportunities Commission, the Rural Communities Collaborative of Fresno County (RCCFC), and the I-5 Business Development Corridor. The County also administers the Fresno County Regional Enterprise Zone (Enterprise Zone). The County of Fresno contributes \$10,000 annually to the I-5 Economic Development Corridor which is used in conjunction with other funds to implement an economic development project.

The Enterprise Zone was established in late 2006 and consists of several unincorporated areas of Fresno County and ten participating cities. In the next year, the partnership will expand to include an additional four cities in hopes of providing a greater impact for Fresno County. The County was also successful in establishing Target Employment Areas which will expand the benefits allowed by the Enterprise Zone. It is the goal of the collaborative to assist 400 individuals in gainful employment.

Additionally, through non-entitlement funds, the County of Fresno continues to promote tourism as a way to expand existing business and attract new business opportunities, thereby increasing jobs in Fresno County. The Fresno County Office of Tourism has increased advertising and marketing of the County's many assets and events including agritourism and hometown festivals, which build on the County's largest industry—agriculture. The County's many natural amenities, including national parks, lakes, forests, and rivers are being marketed as prime areas for activities such as hiking, sailing, canoeing, and climbing. Tourism activities help promote a positive image of Fresno County and its residents, which in turn promotes a healthy economy.

NON-HOMELESS SPECIAL NEEDS HOUSING

Non-homeless Special Needs (91.220 (c) and (e))

*Please also refer to the Non-homeless Special Needs Table in the Needs.xls workbook.

1. Describe the priorities and specific objectives the jurisdiction hopes to achieve for the period covered by the Action Plan.

As identified in the 2005-09 Consolidated Plan, the County stated it would explore alternatives to traditional homeownership. Findings indicated that even with existing housing programs offered by the County, families could not afford sky-rocketing housing prices and/or families required or preferred rental housing. In order to meet the needs of families from very-low to moderate income, the County has revised its Downpayment Assistance Program. It has been renamed Homebuyer Assistance Program (HAP) in order to make it compatible with a variety of funding sources that may become available during this Action Plan year. The past several years, families have not applied for HOME assistance to purchase their first home because the subsidy amount was not sufficient to close the financing gap needed. This year the amount of subsidy allowed for eligible first-time homebuyers has been increased to up to 20% of the house sales price plus closing costs, and purchaser's required contribution was reduced from 3% to 1.5% of the house sales price. The County is also recognizing the borrower's "sweat equity" as an eligible contribution toward the 1.5% requirement when utilizing a recognized self-help method of construction.

Additionally, for those who are in need of affordable rental housing, the County has \$3,000,000 available in HOME funds for eligible Community Housing Development Organization (CHDO) proposals. It is anticipated these HOME funds will be used as leverage to access other public and private dollars for the development of affordable multifamily and senior rental housing.

The County anticipates working closely with non-profit housing providers to develop affordable rental housing that could meet the housing needs of very low income households not ready for homeownership. HOME CHDO set-aside funds are available on a first-come, first-served basis for eligible CHDO projects in any unincorporated area and in any of the eight partner cities. Community Housing Development Organization's ability to utilize CHDO set-aside funding used to develop multifamily rental units is especially useful in meeting the needs of a greater number of the special needs populations identified in the Consolidated Plan Housing Needs Table. These populations include renter elderly, and large and small related households.

Additionally, the County will research the availability of other funds such as the USDA Housing Preservation Grant and State CalHome funds to augment housing activities as appropriate and as needed.

2. Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by this Action Plan.

The County will continue to use its federal, state, local public and private resources to support and fund eligible activities that advance HUD's objectives for the CBDG, HOME and ESG Programs. Actions will include the effective and timely use of

available funds that result in actual completed projects with measurable performance results.

The County's Community Development Division will continue to administer the Urban County Program. The Community Development Division oversees project development and product delivery of the CDBG funds and is also charged with seeking other outside funding sources to supplement CDBG and HOME for the various eligible activities. The Affordable Housing Program administered by the Division is the umbrella Program for all housing activities, and includes activities such as Housing Rehabilitation/Reconstruction, Rental Rehabilitation, Homebuyer Assistance, and the Utility Connection Programs.

Community Development also actively promotes economic development activities such as the Façade and Commercial Enhancement (FACE) and other activities that promote a suitable and healthy living environment. Due to limited entitlement funds, most of the activities use multiple layers of funds that include both public and private sector resources.

Apart from the CDBG-funded social service activities, many other County social service programs are implemented by other County departments.

The County's Department of Children and Family Services provides a wide array of services from a variety of funding sources that are provided directly to that department. Services include the following categories:

- Child Welfare Services
- Children's Mental Health Services
- Employment and Temporary Assistance
- Food Programs and Resources
- Substance Abuse
- Assistance to persons with HIV/AIDS

The Fresno County Department of Community Health provides various services including:

- Child Health and Disability Prevention Program
- Education and Prevention Services
- Immunization Program
- Lead Poisoning Prevention Program
- Maternal Child and Adolescent Health
- Public Health Programs
- · Crisis Services
- Drug/Alcohol Treatment
- Mental Health Clinics
- Rehabilitation/Therapeutic Services

The Fresno County Department of Employment and Temporary Assistance provides various services including:

- Adolescent Services
- Childcare Programs
- Employment Programs
- Food Stamp Program

A full description of the various services available through the County can be found on the internet at: www.co.fresno.ca.us These programs and supportive services provide assistance to a variety of Special Needs populations as they transition from a position of "special need" to independent.

Housing Opportunities for People with AIDS

*Please also refer to the HOPWA Table in the Needs.xls workbook.

- 1. Provide a Brief description of the organization, the area of service, the name of the program contacts, and a broad overview of the range/ type of housing activities to be done during the next year.
- 2. Report on the actions taken during the year that addressed the special needs of persons who are not homeless but require supportive housing, and assistance for persons who are homeless.
- 3. Evaluate the progress in meeting its specific objective of providing affordable housing, including a comparison of actual outputs and outcomes to proposed goals and progress made on the other planned actions indicated in the strategic and action plans. The evaluation can address any related program adjustments or future plans.
- 4. Report on annual HOPWA output goals for the number of households assisted during the year in: (1) short-term rent, mortgage and utility payments to avoid homelessness; (2) rental assistance programs; and (3) in housing facilities, such as community residences and SRO dwellings, where funds are used to develop and/or operate these facilities. Include any assessment of client outcomes for achieving housing stability, reduced risks of homelessness and improved access to care.
- 5. Report on the use of committed leveraging from other public and private resources that helped to address needs identified in the plan.
- 6. Provide an analysis of the extent to which HOPWA funds were distributed among different categories of housing needs consistent with the geographic distribution plans identified in its approved Consolidated
- 7. Describe any barriers (including non-regulatory) encountered, actions in response to barriers, and recommendations for program improvement.
- 8. Please describe the expected trends facing the community in meeting the needs of persons living with HIV/AIDS and provide additional information regarding the administration of services to people with HIV/AIDS.
- 9. Please note any evaluations, studies or other assessments that will be conducted on the local HOPWA program during the next year.

This section is Non-Applicable. The County does not receive federal HOPWA funds.

Specific HOPWA Objectives

Describe how Federal, State, and local public and private sector resources that are reasonably expected to be available will be used to address identified needs for the period covered by the Action Plan.

This section is Non-Applicable. The County does not receive federal HOPWA funds.

Other Narrative

Include any Action Plan information that was not covered by a narrative in any other section.

None.

CPMP NON-STATE GRANTEE CERTIFICATIONS

		٠

CPMP Non-State Grantee Certifications

Many elements of this document may be completed electronically, however a signature must be manually applied and the document must be submitted in paper form to the Field Office.

☐ This certification does not apply.	
M This cortification is applicable	
☐ This certification is applicable.	

NON-STATE GOVERNMENT CERTIFICATIONS

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

Affirmatively Further Fair Housing -- The jurisdiction will affirmatively further fair housing, which means it will conduct an analysis of impediments to fair housing choice within the jurisdiction, take appropriate actions to overcome the effects of any impediments identified through that analysis, and maintain records reflecting that analysis and actions in this regard.

Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

- 1. Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
- 2. Establishing an ongoing drug-free awareness program to inform employees about
 - a. The dangers of drug abuse in the workplace;
 - b. The grantee's policy of maintaining a drug-free workplace;
 - c. Any available drug counseling, rehabilitation, and employee assistance programs; and
 - d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- 3. Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph 1;
- 4. Notifying the employee in the statement required by paragraph 1 that, as a condition of employment under the grant, the employee will
 - a. Abide by the terms of the statement; and
 - b. Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- 5. Notifying the agency in writing, within ten calendar days after receiving notice under subparagraph 4(b) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
- 6. Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph 4(b), with respect to any employee who is so convicted
 - Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
- 7. Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs 1, 2, 3, 4, 5 and 6.

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

- 8. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
- 9. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and
- 10. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

Authority of Jurisdiction -- The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

Consistency with plan -- The housing activities to be undertaken with CDBG, HOME, ESG, and HOPWA funds are consistent with the strategic plan.

Section 3 -- It will comply with section 3 of the Housing and Urban Development Act of 1968, and implementing regulations at 24 CFR Part 135.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

- 11. Maximum Feasible Priority With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
- 12. Overall Benefit The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2008, 2____, 2____, (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
- 13. Special Assessments It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

- 14. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
- 15. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

Telephone Number

Compliance With Anti-discrimination laws -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

Lead-Based Paint -- Its activities concerning lead-based paint will comply with the requirements of part 35, subparts A, B, J, K and R, of title 24;

Compliance with Laws -- It will comply with applicable laws.

OPTIONAL CERTIFICATION CDBG

Submit the following certification only when one or more of the activities in the action plan are designed to meet other community development needs having a particular urgency as specified in 24 CFR 570.208(c):

The grantee hereby certifies that the Annual Plan includes one or more specifically identified CDBG-assisted activities, which are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community and other financial resources are not available to meet such needs.

Specific HOME Certifications

The HOME participating jurisdiction certifies that:

Tenant Based Rental Assistance -- If the participating jurisdiction intends to provide tenant-based rental assistance:

The use of HOME funds for tenant-based rental assistance is an essential element of the participating jurisdiction's consolidated plan for expanding the supply, affordability, and availability of decent, safe, sanitary, and affordable housing.

Eligible Activities and Costs -- it is using and will use HOME funds for eligible activities and costs, as described in 24 CFR § 92.205 through 92.209 and that it is not using and will not use HOME funds for prohibited activities, as described in § 92.214.

Appropriate Financial Assistance -- before committing any funds to a project, it will evaluate the project in accordance with the guidelines that it adopts for this purpose and will not invest any more HOME funds in combination with other Federal assistance than is necessary to provide affordable housing;

HOPWA Certifications

The HOPWA grantee certifies that:

Activities -- Activities funded under the program will meet urgent needs that are not being met by available public and private sources.

Building -- Any building or structure assisted under that program shall be operated for the purpose specified in the plan:

- 1. For at least 10 years in the case of assistance involving new construction, substantial rehabilitation, or acquisition of a facility,
- 2. For at least 3 years in the case of assistance involving non-substantial rehabilitation or repair of a building or structure.

ESG Certifications

Director of Children and Family Services, I, Catherine Huerta, Chief Executive Officer of **Error! Not a valid links.**, certify that the local government will ensure the provision of the matching supplemental funds required by the regulation at 24 *CFR* 576.51. I have attached to this certification a description of the sources and amounts of such supplemental funds.

I further certify that the local government will comply with:

- 1. The requirements of 24 *CFR* 576.53 concerning the continued use of buildings for which Emergency Shelter Grants are used for rehabilitation or conversion of buildings for use as emergency shelters for the homeless; or when funds are used solely for operating costs or essential services.
- 2. The building standards requirement of 24 CFR 576.55.
- 3. The requirements of 24 *CFR* 576.56, concerning assurances on services and other assistance to the homeless.
- 4. The requirements of 24 *CFR* 576.57, other appropriate provisions of 24 *CFR* Part 576, and other applicable federal laws concerning nondiscrimination and equal opportunity.
- 5. The requirements of 24 *CFR* 576.59(b) concerning the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
- 6. The requirement of 24 *CFR* 576.59 concerning minimizing the displacement of persons as a result of a project assisted with these funds.
- 7. The requirements of 24 *CFR* Part 24 concerning the Drug Free Workplace Act of 1988.
- 8. The requirements of 24 *CFR* 576.56(a) and 576.65(b) that grantees develop and implement procedures to ensure the confidentiality of records pertaining to any individual provided family violence prevention or treatment services under any project assisted with ESG funds and that the address or location of any family violence shelter project will not be made public, except with written authorization of the person or persons responsible for the operation of such shelter.
- 9. The requirement that recipients involve themselves, to the maximum extent practicable and where appropriate, homeless individuals and families in policymaking, renovating, maintaining, and operating facilities assisted under the ESG program, and in providing services for occupants of these facilities as provided by 24 *CFR* 76.56.
- 10. The requirements of 24 *CFR* 576.57(e) dealing with the provisions of, and regulations and procedures applicable with respect to the environmental review responsibilities under the National Environmental Policy Act of 1969 and related

authorities as specified in 24 CFR Part 58.

- 11. The requirements of 24 CFR 576.21(a)(4) providing that the funding of homeless prevention activities for families that have received eviction notices or notices of termination of utility services will meet the requirements that: (A) the inability of the family to make the required payments must be the result of a sudden reduction in income; (B) the assistance must be necessary to avoid eviction of the family or termination of the services to the family; (C) there must be a reasonable prospect that the family will be able to resume payments within a reasonable period of time; and (D) the assistance must not supplant funding for preexisting homeless prevention activities from any other source.
- 12. The new requirement of the McKinney-Vento Act (42 *USC* 11362) to develop and implement, to the maximum extent practicable and where appropriate, policies and protocols for the discharge of persons from publicly funded institutions or systems of care (such as health care facilities, foster care or other youth facilities, or correction programs and institutions) in order to prevent such discharge from immediately resulting in homelessness for such persons. I further understand that state and local governments are primarily responsible for the care of these individuals, and that ESG funds are not to be used to assist such persons in place of state and local resources.
- 13. HUD's standards for participation in a local Homeless Management Information System (HMIS) and the collection and reporting of client-level information.

I further certify that the submission of a completed and approved Consolidated Plan with its certifications, which act as the application for an Emergency Shelter Grant, is authorized under state and/or local law, and that the local government possesses legal authority to carry out grant activities in accordance with the applicable laws and regulations of the U. S. Department of Housing and Urban Development.

APPENDIX TO CERTIFICATIONS

Instructions Concerning Lobbying and Drug-Free Workplace Requirements

Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Drug-Free Workplace Certification

- 1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
- The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
- 3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
- 4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
- 5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
- 6. The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant: Place of Performance (Street address, city, county, state, zip code) Check if there are workplaces on file that are not identified here. The certification with regard to the drug-free workplace is required by 24 CFR part 21.

Place Name	Street	City	County	State	Zip
Department of Public Works and Planning, Community Development Division	2220 Tulare Street, 8 th Floor	Fresno	Fresno	CA	93721
					
	1				

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules: "Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15); "Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of

sentence, or both, by any judicial body charged with the responsibility to determine violations of the

Federal or State criminal drug statutes; "Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance; "Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including:

a. All "direct charge" employees;

b. all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and

temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Note that by signing these certifications, certain documents must completed, in use, and on file for verification. These documents include:

- 1. Analysis of Impediments to Fair Housing
- 2. Citizen Participation Plan
- 3. Anti-displacement and Relocation Plan

Completing Part 1: Homeless Population. This must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations at a one-day point in time. The counts must be from: (A) administrative records, (N) enumerations, (S) statistically reliable samples, or (E) estimates. The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Completing Part 2: Homeless Subpopulations. This must be completed using statistically reliable, unduplicated counts or estimates of homeless persons in sheltered and unsheltered locations at a one-day point in time. The numbers must be from: (A) administrative records, (N) enumerations, (S) statistically reliable samples, or (E) estimates. The quality of the data presented in each box must be identified as: (A), (N), (S) or (E).

Sheltered Homeless. Count adults, children and youth residing in shelters for the homeless. "Shelters" include all emergency shelters and transitional shelters for the homeless, including domestic violence shelters, residential programs for runaway/homeless youth, and any hotel/motel/apartment voucher arrangements paid by a public/private agency because the person or family is homeless. Do not count: (1) persons who are living doubled up in conventional housing; (2) formerly homeless persons who are residing in Section 8 SRO, Shelter Plus Care, SHP permanent housing or other permanent housing units; (3) children or youth, who because of their own or a parent's homelessness or abandonment, now reside temporarily and for a short anticipated duration in hospitals, residential treatment facilities, emergency foster care, detention facilities and the like; and (4) adults living in mental health facilities, chemical dependency facilities, or criminal justice facilities.

Unsheltered Homeless. Count adults, children and youth sleeping in places not meant for human habitation. Places not meant for human habitation include streets, parks, alleys, parking ramps, parts of the highway system, transportation depots and other parts of transportation systems (e.g. subway tunnels, railroad car), all-night commercial establishments (e.g. movie theaters, laundromats, restaurants), abandoned buildings, building roofs or stairwells, chicken coops and other farm outbuildings, caves, campgrounds, vehicles, and other similar places.

COUNTY OF FRESNO STATE OF CALIFORNIA

EXHIBIT A.

PUBLIC NOTICE

#83313 NOTICE OF PUBLIC HEARING

The County of Fresno Board of Supervisors will hold a public hearing to receive public testimony and consider programs and funding levels for the Community Development Block Grant (CDBG) Program in the County's unincorporated area, for Program Year 2008-09. Program funds will be allocated for housing rehabilitation, social services, area based policing, and public facilities and infrastructure improvements.

The hearing will be held on March 4, 2008, in the Board Room of the Board of Supervisors, Room 301, on the third floor of the Hall of Records, 2281 Tulare St., Fresno, California, at 2:00 p.m. (or as soon thereafter as possible). Prior to the hearing, requests for information and public comments may be submitted to the County of Fresno, Community Development Division, 2220 Tulare St., 6th Floor, Fresno, CA 93721, (559) 262-4292 or 1-800-742-1011, extension 2-4292.

The County of Fresno does not discriminate on the basis of race, color, religion, sex, national origin, disability or mental status. In accordance with the American with Disabilities Act (ADA) and Section 504, any request for special needs will be considered. To request accommodations, please call Anna Edwards at (559) 262-4292.

(PUB: February 22, 2008)

The undersigned states:

McClatchy Newspapers in and on all dates herein stated was a corporation, and the owner and publisher of The Fresno Bee.

The Fresno Bee is a daily newspaper of general circulation now published, and on all-the-dates herein stated was published in the City of Fresno, County of Fresno, and has been adjudged a newspaper of general circulation by the Superior Court of the County of Fresno, State of California, under the date of November 22, 1994, Action No. 520058-9.

The undersigned is and on all dates herein mentioned was a citizen of the United States, over the age of twenty-one years, and is the principal clerk of the printer and publisher of said newspaper; and that the notice, a copy of which is hereto annexed, marked Exhibit A, hereby made a part hereof, was published in The Fresno Bee in each issue thereof (in type not smaller than nonpareil), on the following dates.

Februar 22, 2008

I certify (or declare) under penalty of perjury that the foregoing is true and correct.
