Neighborhood Beautification Overlay District

An informative pamphlet brought to you by the
Department of Public Works and Planning.

What is a Neighborhood Beautification Overlay District?

The Neighborhood Beautification Overlay District (NBOD) is an overlying zone district intended to assist in protecting and preserving the integrity of Fresno County's unincorporated urban neighborhoods located within the Fresno/Clovis Metro areas which have a history and reputation for well kept and verdant properties. Poorly maintained properties are contributing factors toward declining property values and trigger criminal acts. This brochure identifies property conditions that are prohibited by codes enforced by various Fresno County Departments. If you observe any of the violations in your neighborhood, please contact the County Department listed on this pamphlet.

Front yard storage of boats, personal watercraft and trailers is prohibited.
